Main Street Program Presentation

Council Member Diane Corsick had the privilege of attending the Main Street Program Conference this past May in Oklahoma City, Oklahoma. She explained what the program is all about. There were about 2000 people who attended this conference. She showed a slide show of pictures she took while in Oklahoma City. While there, she took bus tours of outlining areas of Oklahoma City and was able to see what their communities are trying to do with their main streets. She was impressed with the pride people showed in each community. She thanked the City of Lander for allowing her to attend this conference and is hoping another council member will be able to attend the next conference which will be held next May in Des Moines, Iowa.

Poverty Guidelines

Tami Hitshew handed out the current ordinance which outlines the current poverty guidelines. Mayor Wolfe asked the council to review it and make note of any changes they would like to see happen. Currently a single or family of two cannot make more than \$15,000 to qualify for discounted water rates. Mayor Wolfe would like to see that amount raised a little to help individuals to maybe qualify for the discounted rates. It will be put back on a work session agenda to discuss it further with any changes the council may have.

ADJOURNMENT

Being no further business to come before the Council, the meeting was adjourned at 7:03 p.m.
