City of Lander Ordinance concerning Variances –

4-5-3. Board of Adjustment – Variances –

- (a) The Board of Adjustment may authorize, upon request, such variances from the terms of this ordinance as shall not be contrary to the public interest.
- (b) The purpose of any variance shall be to modify the strict application of the requirements of this ordinance where it can be shown that, by reason of exceptional topography or other extraordinary or exceptional circumstances, literal enforcement of the terms of this ordinance will result in an unnecessary hardship to the extent that the property might be prohibited from being used in a manner similar to other property in the same district.
- (c) Each variance authorized shall not be personal to the applicant but shall apply to a specific use or structure and shall run with the land. No variance shall be authorized unless the Board shall find that all of the following conditions exist.
 - (i) That the variance will not authorize a permitted use other than those specifically enumerated in the zoning district in which the variance is sought;
 - (ii) That owing to extraordinary circumstances, literal enforcement of the provisions of this ordinance will result in unnecessary hardship;
 - (iii) That the extraordinary circumstances were not created by the owner of the property and do not represent a general condition of the district in which the property is located;
 - (iv) That the variance, if granted, will not substantially or permanently injure any adjacent, conforming property;
 - (v) That the variance will not alter the character of the district in which it is located;
 - (vi) That the variance, if granted, is the minimum variance and the least modification that will afford the relief sought; and
