

Draft Lander Water Master Plan Presented on March 21

News Release Date
03-22-2023

A presentation was held on March 21 at City Hall regarding the draft of the Lander Water Master Plan by HDR and the Wyoming Water Development Office. We encourage residents to review slides and watch the presentation. Major topics include water supply, system expansion, regionalization, reliable service, and fiscal responsibility recommendations. Residents can stop by City Hall to view a copy of the plan.
