

The City's Energy and Environment (E&E) Task Force was formed shortly after a 2020 mayoral and city council proclamation supporting the intent to reduce green house gas emissions. The goal is to aid in efforts to reduce green house gas emissions while also increasing energy efficiency and lowering operational costs for the city.

The task force meets on the first and third Tuesday of each month.

Members include:

Adam Keifenheim

Courtney Larson

Louisa Hunkerstorm

Kara Colovich

Randy Craft

Julia Stuble
